The **Finance survey** report submitted under this UnitID is a combined report that includes data for all the locations listed below. Because this is a combined report, you must provide allocation factors that indicate how the data should be distributed among all included institutions. Allocation factors are percents. The allocation factors you provide will be used to create derived variables for the IPEDS Peer Analysis System to allocate reported data to each component location.

Enter allocation factors in the spaces provided; use whole numbers only. Percents must add to 100%. You may not leave any cell blank. You will not be able to lock your data if this section is not completed.
